

Handling instructions for - light pallets

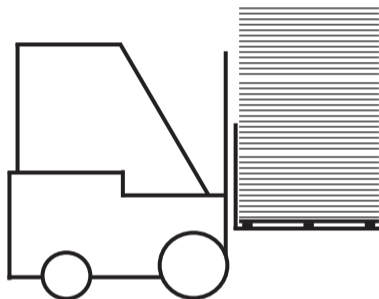

High Rack

Store B4B-light pallets on rack-storable pallets

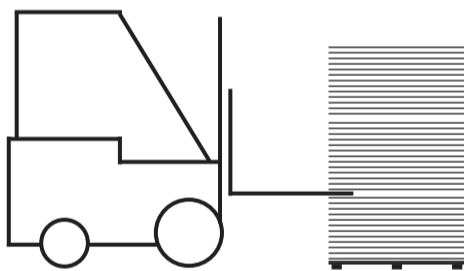

Storage

Keep B4B-light pallets dry, use shelter or cover them

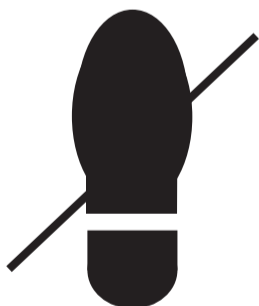

Lift

Lift B4B-light pallets completely, don't push or pull

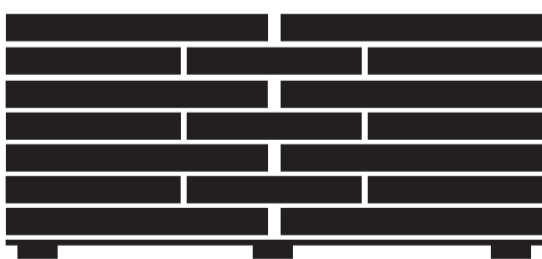

Seperate

Seperate B4B-light pallets carefully utilizing spacer gaps

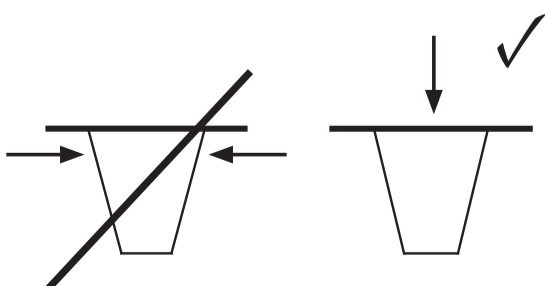

Strain

Load B4B-light pallets steady, avoid point load

Loading and unloading

Load B4B-light pallets uniform, spread the load out over entire surface

Sideways strain

Avoid applying lateral force to the B4B-light pallet foot
